Title: **2024-2029 New York State Geological Survey (NYSGS)/New York State Museum (NYSM) Scientific Sediment (Soil) Coring-Drilling Services**

The New York State Education Department (NYSED) - Office of Cultural Education (OCE) is seeking bids for the selection of up to two (2) consultants to collect sediment (soil) cores and provide drilling services for its Geological Survey (NYSGS) Program, a program within the Research & Collections Division of the New York State Museum. Services are required for the 2024-2029 spring/summer/fall field seasons in support of geological mapping. At present, NYSED anticipates the need for collection of drill core in Central and Eastern New York.

Subcontracting will be limited to thirty percent (30%) of the total contract budget. Subcontracting is defined as non-employee direct personal services and related incidental expenses, including travel.

NYSED will award up to two (2) contracts pursuant to this RFP depending on pricing of bids submitted and methods proposed. NYSED is seeking vendors with experience and capability to collect sediment cores with the PQ wireline continuous coring method. However, bids from contractors utilizing rotosonic drilling capable of providing continuous core samples also are welcome. The contract(s) resulting from this RFP will be for a term anticipated to begin May 1, 2024 and to end April 30, 2029.

### Background

The NYSGS-Geology Department within the Research & Collections Division of the New York State Museum conducts research on the distribution, composition, processes, and age (natural history) of rocks, minerals and sediments occurring within New York State. Our mission is to provide an accurate, synoptic and comprehensive understanding of the geologic framework, history and processes that developed the landscape. Our research yields data and advice that is available to State and federal agencies, the educational community, and the public for the health, safety, and economic welfare of the citizens of the State.

### Scope of work:

For the next five years (2024-2029), the State Museum Geological Survey (NYSGS) mapping program has the goal of collecting between 1,100 feet and a maximum of 3,500 feet of continuous drill core per year. Current mapping priorities are focused on Pleistocene geology and thus the focus of this RFP is for soil coring of glacial and alluvial deposits to depth until bedrock is encountered. NYSGS typically collects an additional 5 to 20 feet of bedrock core at the bottom of the borehole to confirm the presence of bedrock. Please note this activity is for scientific coring (research) and not engineering or construction type projects. NYSED anticipates mapping and coring efforts to focus in two principle geographic areas as follows:

**Central New York projects** – Broome, Cortland, Jefferson, Lewis, Oneida, Tompkins, Tioga, Schuyler counties: Typical boreholes are between 120 to 350 feet depth to bedrock; NYSGS anticipates the need for up to five (5) exploration boreholes per year including one 490-foot-deep borehole (see table below) near Ithaca to characterize the surficial geology. Surficial geology consists of unconsolidated alluvial and glacial sediments of unknown thickness and is poorly defined; generally surficial geology consists primarily of alluvial sands and gravels overlying lacustrine clays

# RFP #24-001

with deeper gravel and till deposits probable as the bottom stratigraphic units. Flowing artesian wells may have been reported from deep gravels; in some valley locations use of casing and weighting materials such as Baroid 41 may be required to control artesian conditions.

**Eastern New York projects**– Albany, Greene, Montgomery, Orange, Schoharie, Sullivan and Ulster counties: NYSGS also anticipates a need for as many as six (6) boreholes per year to characterize the surficial geology to a maximum estimated depth of about 490 feet; however, most locations will be 300 feet or less. Surficial geology consists of outwash sand and gravel overlying lacustrine clays. Sand and gravel intermixed with glacial till may be present at lower stratigraphic intervals.

contract  
duration

Note: These are an estimated projection, dependent on future funding and subject to change

Emphasis is on sample quality, with the objective of recovering plant macrofossils and other fragile specimens contained within glacial sediments. Samples must be continuous in the form of wireline corer, or rotonomic, that will guarantee to minimize collapse and deliver representative soil samples. At the completion of each borehole, downhole gamma logging may be needed and should be anticipated. All boreholes need to be sealed in accordance with New York State water well requirements (grouting, bentonite chips or benseal). Sites are often located in farm fields but are usually truck-accessible; track-mounted rigs are preferred if available. NYSGS will arrange for permission and access to property. Water will not be provided and will need to be obtained if required; NYSGS may assist with this. In addition, spoils and cuttings do not need to be containerized.

## **SCOPE OF SERVICES**

### **A. Tasks/Deliverables**

#### **Sections of Work**

The Contractor shall, at a minimum, be responsible for the following:

1. Performing safety inspections on all drilling and support equipment, and ensuring all requisite tooling, accessories, and materials (including replacement parts for expendable wear items like drill bits, cutting shoes and sediment catchers) are on site to complete the task in accordance with the NYSGS specifications as discussed with the NYSGS Project Director.
2. Execution of exploratory drilling and continuous core recovery per task assignment as directed by NYSGS Project Director.
3. Well completion or sealing of boreholes according to New York well-abandonment requirements depending on project task.
4. Cleanup and removal of all trash and debris derived from onsite drilling activities, raking, or shoveling spoils and cuttings.
5. Attending meetings virtually or on-site as required to resolve problems or concerns regarding drilling performance and/or completion reports.
6. Responding when NYSGS makes task assignments. When the task assignment is made, the type of investigation required and the schedule for performance will be provided by NYSGS. Some projects may require a site visit to assess site access conditions.
7. Geologic samples must be completed with a continuous corer that guarantees minimal collapse and deliver continuous representative sediment samples

### **B. Specific Description of Deliverables**

**Continuous coring of PQ-8.5 cm (or equivalent) diameter unconsolidated sediment and bedrock**

1. PQ or equivalent diameter (~8.5 cm) core of unconsolidated sediment and competent bedrock. Core with excellent preservation of original primary sedimentary structures (layering, ripples, faults, etc.) with little or no drill-induced disturbance of core is desired (see figure 1).
2. Core recovery generally greater than 90-95% is desirable (cobble and gravelly units are exempt).
3. Use of heavy muds or casing to mitigate flowing conditions and allow for the advancement of the borehole and collection of core.

Figure 1. Recovered PQ-wireline core of bedded sand unit; note original bedding and minimal disturbance of original sedimentary structures.

## Core Recovery

The objective of this RFP is to find a vendor(s) to conduct high-quality-controlled *scientific* exploration drilling and or coring with emphasis on sample quality and **achieving maximum core recovery**. Such core should preserve plant macrofossils and other fragile specimens contained within unconsolidated sediments. NYSGS seeks core quality that can be archived in the Quaternary Landscape Materials Collection of the New York State Museum to ensure that future researchers may study the geology and past environments represented in the sediments.

## Payments

The contractor will be compensated based on the services provided, roughly three times throughout the drilling season. For collection of drill core, compensation will be based on the **recovered footage rate**. Recovery is measured and recorded by the onsite NYSGS project geologist. In recognition of the difficulties associated with coring of gravel-rich units, rate reductions (footage loss) will not be applied to intervals deemed by the State as gravel and/or cobbles. Contractors will be given the opportunity to attempt to recover lost core intervals but ultimately the NYSGS reserves the right to discount payments for lost intervals. The recovered footage rate includes employee compensation, benefits, overhead, costs of operating the drilling equipment, site visits, materials and supplies, meals, and lodging and borehole abandonment. These are not public work engineering or construction projects, and prevailing wage rates do not apply.

## Accessibility of Web-Based Information and Applications

Any documents, web-based information and applications development, or programming delivered pursuant to the contract or procurement, will comply with New York State Education Department IT Policy NYSED-WEBACC-001, Web Accessibility Policy as such policy may be amended, modified or superseded, which requires that state agency web-based information, including documents, and applications are accessible to persons with disabilities. Documents, web-based information and applications must conform to NYSED-WEBACC-001 as determined by quality assurance testing. Such quality assurance testing will be conducted by NYSED employee or contractor and the results of such testing must be satisfactory to NYSED before web-based information and applications will be considered a qualified deliverable under the contract or procurement.

## Subcontracting Limit

Subcontracting will be limited to 30% of the total contract budget. Subcontracting is defined as non-employee direct personal services and related incidental expenses, including travel.

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor when:

- the subcontractor is known at the time of the contract award;
- the subcontractor is not an entity that is exempt from reporting by OSC; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

For additional information about Vendor Responsibility, see the **Vendor Responsibility** section contained in **3.) Evaluation Criteria and Method of Award** of this RFP.

If the vendor proposes to change subcontractors during the contract period, NYSED must be notified prior to the change. NYSED reserves the right to reject any replacement subcontractors proposed by the vendor and reserves the right to approve all changes in subcontractors. The Subcontracting Form located in the Submission Documents must be updated annually and submitted to NYSED. Using this form, the vendor must also report to NYSED, on an annual basis, actual expenditures incurred for all subcontractors and indicate which subcontracting costs are associated with M/WBE.

### **Staff Changes**

The contractor will maintain continuity of staff throughout the course of the contract. All changes in staff will be subject to NYSED approval. The replacement staff with comparable skills will be provided at the same or lower footage rate.

### **Contract Period**

NYSED will award up to two (2) contracts pursuant to this RFP. One as a primary contract and one as a secondary contract. The contract(s) resulting from this RFP will be for a term anticipated to begin May 1, 2024, and to end April 30, 2029.

### **Electronic Processing of Payments**

In accordance with a directive dated January 22, 2010, by the Director of State Operations - Office of Taxpayer Accountability, all state agency contracts, grants, and purchase orders executed after February 28, 2010, shall contain a provision requiring that contractors and grantees accept electronic payments.

3. Cost Proposal

The proposal must be received by **December 22, 2023 by 3:00 PM** by email to [cau@nysed.gov](mailto:cau@nysed.gov).

Proposals should be prepared simply and economically, avoiding the use of elaborate promotional materials beyond those sufficient to provide complete presentation. If supplemental materials are a necessary part of the proposal, the bidder should reference these materials in the technical proposal, identifying the document(s) and citing the appropriate section and page(s) to be reviewed.

The proposal must communicate an understanding of the deliverables of the RFP, describe how the tasks are to be performed and identify potential problems in the conduct of the deliverables and methods to identify and solve such problems.

Bidders should specify all details and dates required to evaluate the technical proposal and should limit aspects of the project plan that are to be determined only after the award of a contract. No optional deliverables to be provided only at an additional cost should be included and will not be considered in the evaluation of the technical proposal. Contractual terms, conditions and assumptions are inappropriate for inclusion in the proposal.

**Any proprietary material considered confidential by the bidder will specifically be so identified, and the basis for such confidentiality will be specifically set forth in the proposal by submitting the form "Request for Exemption from Disclosure Pursuant to the Freedom of Information Law," located in 5) Submission Documents.**

## RFP #24-001

### Technical Proposal (70 points)

The completed Technical Proposal should be emailed and labeled **[name of bidder] Technical Proposal – RFP #24-001**. Bidders are required to submit a technical proposal that will be evaluated and assigned points according to the questions/criteria below.

The Financial Criteria portion of the RFP will be scored based upon the grand total of the 5-year budget.

### **3.) Evaluation Criteria and Method of Award**

This section begins with the criteria the agency will use to evaluate bids and closes with the “method of award,” or how the contractor will be selected. This will be followed by various terms and conditions that reflect the specific needs of this project as well as New York State contract guidelines and requirements.

#### **Criteria for Evaluating Bids**

All eligible proposals received by the deadline will be reviewed using the following criteria and ratings. Applicants must ensure that all components of this application request have been addressed, the required number of copies has been provided, all forms and assurances have been completed, and the original signatures are included as required.

An evaluation committee will complete a review of all proposals submitted. The committee will review each proposal based upon the submitted proposal and the requirements of the RFP only. Bidders should not assume that committee review members will be familiar with the current program or have any previous experience with the bidder. Appropriate description should be included to inform review committee members about the bidder’s qualifications and capacity to perform all required deliverables.

The committee will review each proposal to determine compliance with the requirements described in the RFP. NYSED retains the right to determine whether any deviation from the requirements of this RFP is substantial in nature and may reject in whole or in part any and all proposals, waive minor irregularities and conduct discussions with all responsible bidders.

#### **Technical Criteria (70 Points)**

##### **Skill and Experience as a Drilling Contractor (10 points)**

The bidder demonstrates experience in obtaining continuous large (~8.5 cm) diameter core of unconsolidated sediments and bedrock in glaciated terrain. Scoring will be based on an assessment of the driller’s education and experience (6) relevant to the RFP, staffing plan (2), and the bidder’s history of delivery of services (2) relevant to the Contract.

##### **Drilling Methodology (10) points**

The bidder demonstrates preferred wireline soil coring method with PQ size core (10) points. The bidder demonstrates rotosonic coring method (5) points. Bidder does not reply (0) points.

**Drilling Equipment 10 points)** The bidder describes the equipment that will be used for completion of the project from both logistical (5) and technical perspectives (5). Scoring will be based on an assessment of the capabilities of the proposed drilling equipment to meet the requirements of the RFP.

##### **Drilling Operation (10 points)**

The bidder describes proposed methodology for drilling performance (2), site preparation (2), staffing plan (2), drilling operation (2), typical drilling problems encountered and how problems are mitigated (2).

##### **Multiple aquifers and flowing artesian conditions (10 Points)**

The bidder describes proposed methodologies and techniques to collect sediment cores in geologic settings where multiple aquifers are present (2), includes discussion of uses of weighted muds and

## RFP #24-001

steel casing if appropriate (2), and provides a response on how they would suppress flowing artesian conditions (2) and seal a borehole that has penetrated a flowing artesian aquifer (4).

### **Core Recovery and Quality (20 points)**

The bidder response describes in detail the specific strategy and methodology to collect high quality, undisturbed sediment cores (8), includes a description for the method of core extraction/extrusion (5), explains what steps are taken to prevent heaving, oversampling and low recovery of sediment samples (5), and provides an estimated percentage of material recovery using the table for geologic formations listed (2).

### **Financial Criteria (30 Points)**

**The Financial Criteria portion of this RFP will be scored based upon the grand total for the 5-year budget.**

The **financial portion** of the proposal represents 30 points of the overall score and will be awarded up to 30 points pursuant to a formula. This calculation will be computed by the Contract Administration Unit upon completion of the technical scoring by the technical review panel.

The submitted budget will be awarded points pursuant to a formula that awards the highest score of 30 points to the budget that reflects the lowest overall cost. The remaining budgets will be awarded points based on a calculation that computes the relative difference of each proposal against the lowest budget submitted. The resulting percentage is then applied to the maximum point value of 30 points.

NYSED reserves the right to request best and final offers. In the event NYSED exercises this right, all responsive bidders will be asked to provide a best and final offer. The Contract Administration Unit will recalculate the financial score.

### **Method of Award**

NYSED will award up to two (2) contracts pursuant to this RFP based on the top two scored responses of the bidders. One contractor will serve as a primary contract and a second will serve as a backup and for times of peak volume when we may have need for two drill rigs simultaneously to complete deliverables.

The two possible awarded contract amounts will be estimated based on pricing of bids submitted; there is no guarantee to the volume of work. Contract amounts may be adjusted depending on volume of work. NYSED retains the option to utilize the second vendor and assign additional volume of work should the primary vendor exercise the right of first refusal, perform poorly, or become unable to meet scheduling demands to meet required deliverables.

The aggregate score of all the criteria listed will be calculated for each proposal received.

The contract(s) issued pursuant to this proposal will be awarded to the vendors whose aggregate technical and cost score are the highest among all the proposals rated. **If NYSED exercises the right to request best and final offers, the contract(s) must be issued to the vendors with the highest aggregate technical and financial score that results from the best and final offer.**

In the event that more than one proposal obtains the highest aggregate score, the contract(s) will be awarded to the vendor(s) whose budget component reflects the lowest overall cost.

## **NYSED's Reservation of Rights**

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency's sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation; (16) request best and final offers.

## **Post Selection Procedures**

Upon selection, the successful bidder will receive a proposed contract from NYSED. The selected bidder may be given an opportunity to reduce its cost proposal in accordance with the agency's right to negotiate a final best price. The contents of this RFP, any subsequent correspondence during the proposal evaluation period, and such other stipulations as agreed upon may be made a part of the final contract prepared by NYSED. Successful bidders may be subject to audit and should ensure that adequate controls are in place to document the allowable activities and expenditure of State funds.

## **Debriefing Procedures**

In accordance with section 163 of the NY State Finance Law, NYSED, upon request, must provide a debriefing to any unsuccessful bidder regarding the reasons their proposal was not selected for an award.

1. All unsuccessful bidders may request a debriefing within fifteen (15) calendar days of receiving notice from NYSED of non-award. Bidders may request a debriefing by submitting a written request to the Fiscal Contact person at [RFP24-001@nysed.gov](mailto:RFP24-001@nysed.gov).
2. Upon receipt of a timely written request from the unsuccessful bidder, NYSED will schedule the debriefing to occur within a reasonable time following receipt of the request. Debriefings will be conducted in person, unless NYSED and the bidder mutually agree to utilize other means, including but not limited to telephone, video-conferencing or other types of electronic communication.
3. The debriefing will include: a) the reasons that the proposal submitted by the unsuccessful bidder was not selected for an award; b) the qualitative and quantitative analysis employed by

## RFP #24-001

NYSED in assessing the relative merits of the proposals; c) the application of the selection criteria to the unsuccessful bidder's proposal; and d) when the debriefing is held after the final award, the reasons for the selection of the winning proposal. The debriefing will also provide, to the greatest extent practicable, general advice and guidance to the unsuccessful bidder concerning potential ways that their future proposals could be more responsive.

### **Contract Award Protest Procedures**

Bidders who receive a notice of non-award or disqualification may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.
2. The protest must be filed within ten (10) business days of receipt of a debriefing or disqualification letter. The protest letter must be filed with the Contract Administration Unit by emailing RFP24-001@nysed.gov.
3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the bidder with written notification of the review team's decision within ten (10) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.
4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

### **Vendor Responsibility**

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include legal authority to do business in New York State; integrity; capacity – both organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a [Vendor Responsibility Questionnaire](#). School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. A [complete list of exempt entities](#) can be viewed at the Office of the State Comptroller's website.

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the [VendRep System Instructions](#) or go directly to the [VendRep System on the Office of the State Comptroller's website](#).

## RFP #24-001

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the [Office of the State Comptroller's Help Desk](#) at 866-370-4672 or 518-408-4672 or by email at [ITServiceDesk@osc.ny.gov](mailto:ITServiceDesk@osc.ny.gov).

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the [VendRep website](#) or may contact NYSED or the Office of the State Comptroller's Help Desk for a copy of the paper form.

### **Subcontractors:**

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

- the subcontractor is known at the time of the contract award;
- the subcontractor is not an entity that is exempt from reporting by OSC; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

**Note: Bidders must acknowledge their method of filing their questionnaire by checking the appropriate box on the Response Sheet for Bids (5. Submission Documents).**

### **Procurement Lobbying Law**

Pursuant to State Finance Law §§139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between the New York State Education Department ("NYSED") and an Offerer/bidder during the procurement process. An Offerer/bidder is restricted from making contacts from the earliest notice of the solicitation through final award and approval of the Procurement Contract by NYSED and, if applicable, Office of the State Comptroller ("restricted period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff, as of the date hereof, is identified below. NYSED employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the Offerer/bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at [NYSED's Procurement Lobbying Law Policy Guidelines webpage](#).

### **Consultant Disclosure Legislation**

Effective June 19, 2006, new reporting requirements became effective for State contractors, as the result of an amendment to State Finance Law §§ 8 and 163. As a result of these changes in law, State contractors will be required to disclose, by employment category, the number of persons employed to provide services under a contract for consulting services, the number of hours worked and the amount paid to the contractor by the State as compensation for work performed by these employees. This will include information on any persons working under any subcontracts with the State contractor.

## RFP #24-001

Chapter 10 of the Laws of 2006 expands the definition of contracts for consulting services to include any contract entered into by a State agency for analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal, or similar services.

To enable compliance with the law, State agencies must include in the Procurement Record submitted to OSC for new consultant contracts, the State Consultant Services Contractor's Planned Employment from Contract Start Date Through the End of the Contract Term (Form A). The completed form must include information for all employees providing service under the contract whether employed by the contractor or a subcontractor. Please note that the form captures the necessary planned employment information ***prospectively from the start date of the contract through the end of the contract term.***

[Form A](#) is available on OSC's website.

**Please note that although this form is not required as part of the bid submission, NYSED encourages bidders to include it in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the form listed above is acceptable.**

Chapter 10 of the Laws of 2006 mandates that State agencies must now require State contractors to **report annually** on the employment information described above, including work performed by subcontractors. The legislation mandates that the annual employment reports are to be submitted by the contractor to the contracting agency, to OSC and to the Department of Civil Service. State Consultant Services Contractor's Annual Employment Report (Form B) is to be used to report the information for all procurement contracts above \$15,000. Please note that, in contrast to the information to be included on Form A, which is a one-time report of planned employment data for the entire term of a consulting contract on a projected basis, ***Form B will be submitted each year the contract is in effect and will capture historical information, detailing actual employment data for the most recently concluded State fiscal year (April 1 – March 31).***

[Form B](#) is available on OSC's website.

This paragraph shall not apply to the publication of resolutions, advertisements or other legal propositions or notices in newspapers designated pursuant to law for such purpose and for which the rates are fixed pursuant to law.

(i) The term "state officer or employee" shall mean:

### **NYSED Substitute Form W-9**

Any payee/vendor/organization receiving Federal and/or State payments from NYSED must complete the NYSED Substitute Form W-9 if they are not yet registered in the Statewide Financial System centralized vendor file.

The NYS Education Department (NYSED) is using the NYSED Substitute Form W-9 to obtain certification of a vendor's Tax Identification Number in order to facilitate a vendor's registration with the SFS centralized vendor file and to ensure accuracy of information contained therein. We ask for the information on the NYSED Substitute Form W-9 to carry out the Internal Revenue laws of the United States.

### **Workers' Compensation Coverage and Debarment**

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

## **PROOF OF COVERAGE REQUIREMENTS**

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

***Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.***

### **Proof of Workers' Compensation Coverage**

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers' Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers' Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers' Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage.

### **Proof of Disability Benefits Coverage**

To comply with coverage provisions of the WCL regarding disability benefits, the Workers' Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

For additional information regarding workers' compensation and disability benefits requirements, please refer to the [New York State Workers' Compensation Board website](#). Alternatively, questions relating to either workers' compensation or disability benefits coverage should be directed to the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307.

**Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the forms listed above are acceptable.**

**Sales and Compensating Use Tax Certification (Tax Law, § 5-a)**

Tax Law § 5-a requires contractors awarded State contracts for commodities or services valued at more than \$100,000 over the full term of the contract to certify to the New York State Department of Taxation and Finance (“DTF”) that they are registered to collect New York State and local sales and compensating use taxes, if they made sales delivered by any means to locations within New York State of tangible personal property or taxable services having a cumulative value in excess of \$300,000, measured over a specific period of time. The registration requirement applies if the contractor made a cumulative total of more than \$300,000 in sales during the four completed sales tax quarters which immediately precede the sales tax quarter in which the certification is made. Sales tax quarters are June – August, September – November, December – February, and March – May. In addition, contractors must certify to DTF that each affiliate and subcontractor of such contractor exceeding such sales threshold during a specified period is registered to collect New York State and local sales and compensating use taxes. Contractors must also certify to the procuring State entity that they filed the certification with the DTF and that it is correct and complete.

The selected bidder must file a properly completed Form ST-220-CA (with NYSED as the Contracting Agency) and Form ST-220-TD (with the DTF). These requirements must be met before a contract may take effect. Further information can be found at the [New York State Department of Taxation and Finance's website](#). Forms are available through these links:

- [ST-220 CA](#)
- [ST-220 TD](#)

**Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them with their bid submissions to expedite contract execution if the bidder is awarded the contract.**

**Appendix A**  
**STANDARD CLAUSES FOR NYS CONTRACTS**

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

**1. EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

**2. NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

**3. COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the State Finance Law, if this contract exceeds \$50,000 (or \$75,000 for State University of New York or City University of New York contracts for goods, services, construction and printing, and \$150,000 for State University Health Care Facilities) or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services, either for itself or its customer agencies by the Office of General Services Business Services Center, is required when such contracts exceed \$85,000. Comptroller's approval of contracts established as centralized contracts through the Office of General Services is required when such contracts exceed \$125,000, and when a purchase order or other procurement transaction issued under such centralized contract exceeds \$200,000.

**4. WORKERS' COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

**5. NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

**6. WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

**7. NON-COLLUSIVE BIDDING CERTIFICATION.** In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person

executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

**8. INTERNATIONAL BOYCOTT PROHIBITION.** In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

**9. SET-OFF RIGHTS.** The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

**10. RECORDS.** The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

**11. IDENTIFYING INFORMATION AND PRIVACY**

**NOTIFICATION.** (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

**12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.**

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

**21. RECIPROCITY AND SANCTIONS PROVISIONS.** Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5)) require that they be denied contracts which they would otherwise obtain. **24. PROCUREMENT LOBBYING.** To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. **25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.**

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

**26. IRAN DIVESTMENT ACT.** By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("[Prohibited Entities List](#)").

If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be

appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.
